COMMISSIONER PATTY SHEEHAN
ORLANDO CITY COUNCIL, DISTRICT 4

May 15, 2007

Lorelei Anderson-Francis
Sky Shades USA
407 Wekiva Springs Road, Ste. 205
Longwood, FL 32779

Dear Ms. Anderson-Francis:

After a devastating hurricane season in 2004, we lost several heritage oaks in Lake Eola Park in downtown Orlando. Not only were they beautiful but, they provided significant shade to our popular playground. At the request of a local parents group, I had a skyshade installed over the playground to protect the kids from the Florida sun.

After searching for a shade structure that would not only be appropriate but, would compliment the park, I chose a product offered by Sky Shades USA. The skyshade installed is a wonderful addition to our new, improved playground and receives favorable responses from the parents and other visitors to the park. I consider it one of the best investments I ever made from my district office budget and the feedback from families has been extremely positive.

With kind regards, I am

Sincerely,

Patty Sheehan
Commissioner, District 4
Orlando City Council
